## Charged With Illegal Fishing.

The American schooner Mabel, which was seized by Mexican patrol vessels last Sunday, on a charge of illegal fishing, still is being held at Ensenada, Mexico, the State Department was advised yesterday in a dispatch from Consul Burdette. The dispatch made no reference to the three members of the crew of the Mabel who were reported to have been held by the Mexicans as hostages for payment of fines.

The State Department had received no advice from Mexico City today in connection with its representations in the seizure to President Obregon last night. Officials of the department

stated that they felt sure the Mabel would be released as soon as the authorities at Mexico City understood just what had taken place. They added that this government would take no further action until the Mexican authorities had an opportunity to investigate the seizure.

## PROPOSES CURB ON DRUGS.

Action is needed particularly, he said, to check the traffic in opium in China.

Shahan, rector of the university, welcomed him for the faculty. He attended a solemn high-mass yesterday in the gymnasium of the university, celebrated by Bishop Shahan, in connection with ceremonies of the feast of the Immaculate Conception.
